BBC Imatra Venue: Competition office, Material Control, Unified Waxing, Wax Cabins

BBC Imatra Venue: Stadium Area, Shooting Range

Safety and coaching at the Stadium and on the course side

- It is prohibited to cross the Course at any other point than those shown in the map
- Stadium Area is NO COACHING Area
 - Coaches are allowed to give sight corrective instructions to the athletes approaching the range
 - When doing so coach must be facing to the Stadium (Start/Finish)
 - When doing so coaches must stay on the coaching bank
 - Instructions must be given silent, with a magnetic board
 - Minimum words
 - Coaching areas are on the Coach's Hill and the behind the Range
 - See OnePlan map
 - Follow the Route shown in the map

Route to Coaching Area on the Coach's Hill

Route to Coaching / Spectators Area

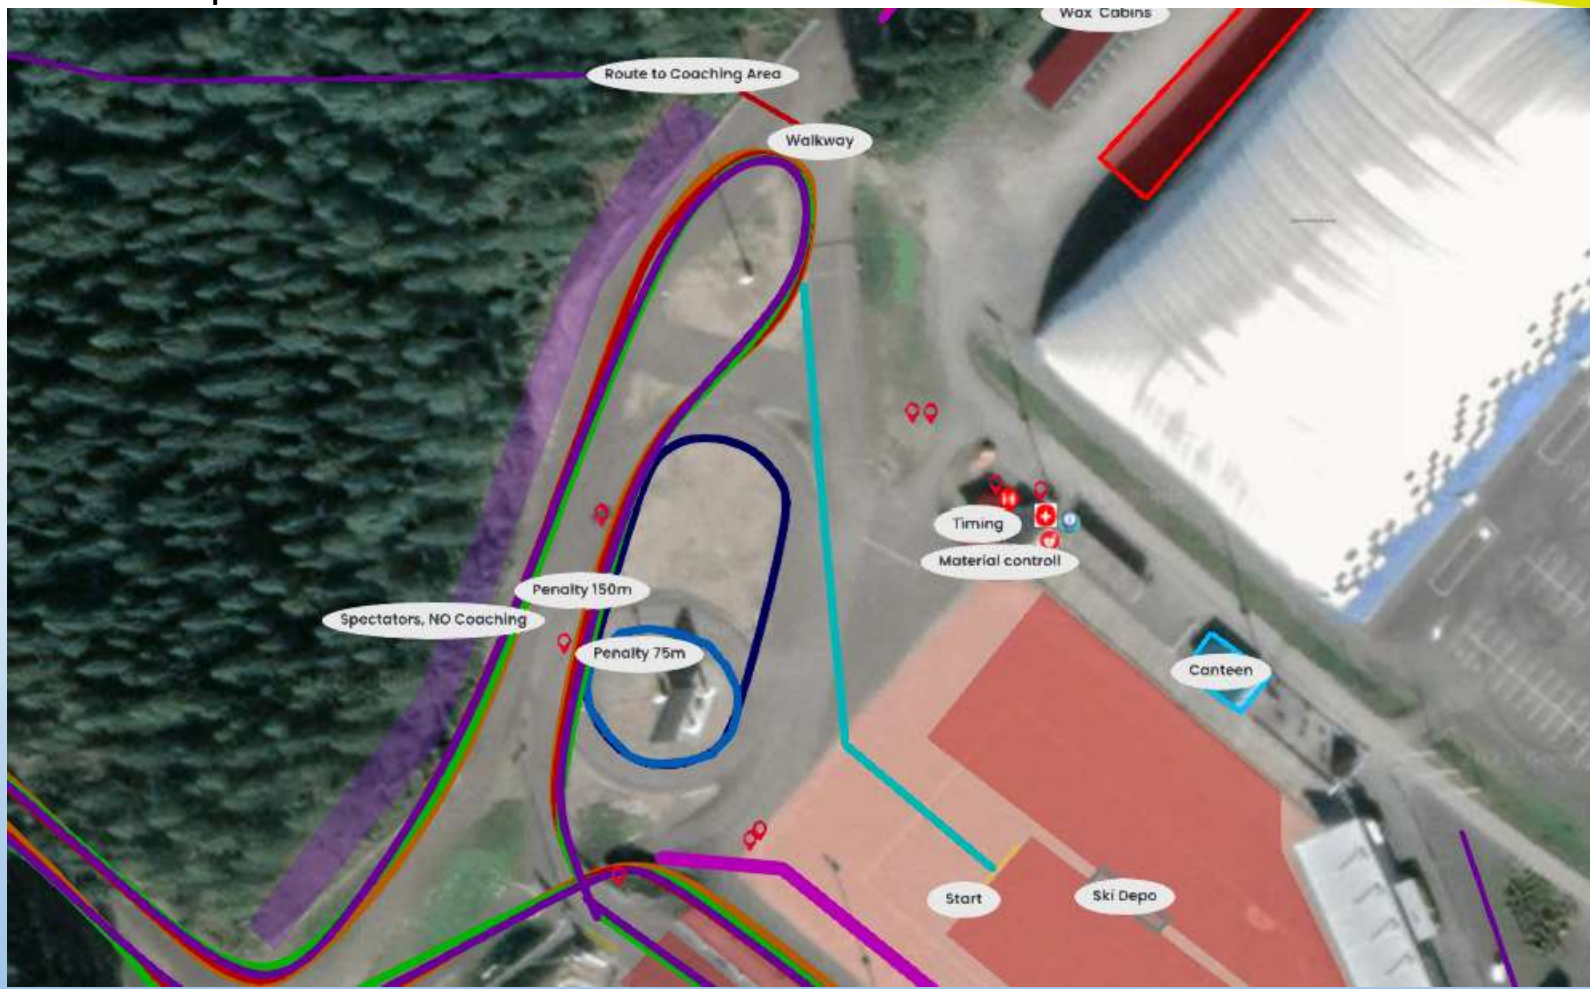

IBU

IMATRA

Route to Spectators Area. NO COACHING!!!

COMMON WAXING

- Fluorinated waxing is prohibited
- OC is organizing common waxing for BBC competitors
- Each competitor is responsible for following these disciplines
- Each athlete may have one pair of skis for each competition start
- Skis must be brought to waxing cabins
 - On Friday from 18:00 to 20:00 for Saturday competition.
 - On Saturday between 16:00 to 18:00 for Sunday competition.
- Skis must be fluorine free and clean when brought to waxing
- Skis will be marked with Bib number
- Before common waxing, the skis are tested for fluoride. If the skis contain fluoride, they must be cleaned or replaced with other skis
- Skis are cleaned with wax removal, liquid glider is applied to skis and brushed after drying
- Skis will be given to the athlete at the stadium when going to the start

Material Control (rifle check) at the stadium in timing room building, ground floor.

- Competition classes 13 and 15:
 - After the zeroing team members take the rifles to shooting mat. Referees check the rifle (Start check)
 - For safety reasons bolt must be opened when taking the rifle to and from the shooting mat.
 - When on shooting mat bolt must be closed, also for the first shooting.
 - After the shooting team members take the rifles from the shooting mat. Referees check the rifle (Finish check)

Safety marker

- The safety marker (colored flag or lock) has to be used in all rifles (including reserve rifles) when entering the stadium. It has to remain in place until the athlete reaches the shooting range, where it might be removed for training or competing.
- Training: when leaving the range after training, the safety marker needs to be inserted again.
- Rifle controls: all rifles must be presented at the rifle control with the safety marker inserted, regardless of when such inspection occurs. Control personnel might remove the marker for control purposes, but the rifle has to leave the control again with inserted safety marker.
- Zeroing: as with training, when leaving the range after zeroing the safety marker must be inserted in the chamber. It is only removed by the official at the final check before the start.
- Competition end: after arriving in the finish/passing the mixed zone, the safety flag has to be inserted again as soon as possible, but in any case when leaving the finish exit area/returning to warm-up area (rifle racks). The marker must then remain in the rifle at all times until the process begins again.
- Only exception: for dry shooting the safety flag might be removed, but must be inserted right after again. For dry shooting safety the use of a so called „rubber bullet“ is recommended.
